Item:

MEMORANDUM

June 18, 2013

TO: Montgomery County Planning Board

Via: Rose Krasnow, Acting Planning Director 

From: Henry Mobayeni, Acting Chief  
CRIS 

Christopher McGovern, GIS Manager   
CRIS

SUBJECT: Request for FY14 Special Appropriation to the Planning Department Operating Budget for the implementation of the ITPCC GIS Visualization Project

The funding for the special appropriation will come from the ITF (Interagency Technology Fund) which was approved by the GO committee on June 17, 2013.

The project is the GIS Visualization project proposed and approved by the ITPCC that would demonstrate a resource for to establish linkages via the GIS portal that expands the public's ability to visualize and analyze key data elements provided under the County's Open Data Initiative. It will utilize the MCG HHS Food Inspection open data set which identifies all Montgomery County Licensed retail food establishments to support a community mapping application for the Montgomery County Food Council by using a web based cloud application—ArcGIS Online.

Approved by the Planning Board:
