KEMP MILL URBAN PARK PLAYGROUND UNDER RENOVATION

SILVER SPRING, MD. – The Montgomery County Department of Park and Planning announced today that the playground at Kemp Mill Urban Park is being renovated and improved. The playground will be closed temporarily until construction is completed. The park is located at 1200 Arcola Avenue in Wheaton, Maryland.

According to park management, the renovation includes the installation of storm drain inlets to correct persistent drainage problems in the playground area, as well as replacement of existing playground equipment. A temporary chain link fence has been installed to secure the area during renovation.

Weather permitting, the Kemp Mill playground should be completed by early January.
