

M-NCPPC staff note: The impacts described in Project Prospectus reflect a western project terminus at the CSX railroad tracks. The project limits shown on this Project Prospectus graphic indicate the current understanding of DPWT and SHA staff. Further close coordination will be required during subsequent phases of both SHA and County projects to determine the exact transition point between the two projects, funding responsibilities, and the timing of the design efforts.

KEY PLAN

LEGEND

- Communities
- Businesses
- Water Resources
- Property Lines
- Community Features
- Specimen Tree
- Approximate 100-year Floodplain Boundary
- Wetlands
- Tree Line
- Approximate Limit Of Disturbance/Right-of-way
- Impacted Parcel
- Displacement

MONTROSE PARKWAY EAST STUDY
Project Prospectus

MONTGOMERY COUNTY
MARYLAND

ALTERNATIVE 2
