**SUBJECT:** 

Inspection Results Inconsistent with Site Plans

After reviewing the wall check, Pete Hrycak, Permitting Services Inspector, has found the following property to be inconsistent with the site plan 8-03041 for development of the Maple Ridge property (townhouses). The building height is inconsistent with the Planning Board Opinion. The allowed height is 35'. It is the interpretation of the Department that the rear setbacks are not in violation. The site plan gave a rear setback from the dwelling to the adjoining lot. There were no adjoining lots to the rear.
