Recommendation

Approve Eva Chavez to serve as a member of the Bicycle Master Plan Community Advisory Group.

Summary

On November 19, 2015, the Planning Board approved the formation of a Community Advisory Group with 22 members for the Bicycle Master Plan. Since that time one of the members, Geri Rosenberg of Silver Spring, has resigned from the committee. The staff recommends appointing Eva Chavez as a new member of the Community Advisory Group representing the high school student population, which currently has no representation on the committee.

Eva Chavez is a junior at Brookewood School in Kensington and an intern with the Sierra Club of Montgomery County. While a student at Bethesda-Chevy Chase High School, she bicycled regularly to and from school on roads such as Battery lane and East-West Highway and cycles recreationally on the Capital Crescent Trail.
