Re: 8600 Georgia Ave; Forest Conservation Exemption 42016155E

Dear Madam or Sir:

Based on the review by staff of the Montgomery County Planning Department, the Forest Conservation Exemption Request submitted on April 6, 2016 for the plan identified above, is confirmed. The project site is exempt from Article II of the Montgomery County Code, Chapter 22A (Forest Conservation Law), Section 22A-5(s)(1) because this activity is being conducted on a tract less than 1.5 acres with no existing forest, or existing specimen or champion tree, and the afforestation requirements would not exceed 10,000 square feet.

An on-site pre-construction meeting is required after the limits of disturbance have been staked and flagged, but before any clearing or grading begins. The property owner should contact this inspector before construction to verify the limits of disturbance. The property owner, construction superintendent, forest conservation inspector, and Department of Permitting Services (DPS) sediment control inspector should attend this pre-construction meeting.
